

# BIO-RAD Liquid Assayed Multiquant Level 3

For the control for clinical chemistry parameters of Element DC

**FOR VETERINARY USE ONLY!**

# Antech

Smarter Diagnostics. Better Care.™

**Item code 8185**

**Lot 46033**

**Expiry date**

**31.12.2027**

**Handling: Defrost and bring to room temperature.**

| Device     | Parameter | Target value | Target range | conv. unit | Target value | Target range   | SI unit |
|------------|-----------|--------------|--------------|------------|--------------|----------------|---------|
| Element DC | GLU       | 459          | 321 – 597    | mg/dl      | 25,5         | 17,8 – 33,1    | mmol/L  |
| Element DC | BUN       | 62,8         | 43,9 – 81,7  | mg/dl      | 22,4         | 15,7 – 29,2    | mmol/L  |
| Element DC | CREA      | 7,9          | 5,5 – 10,3   | mg/dl      | 698,4        | 486,2 – 910,5  | μmol/L  |
| Element DC | TP        | 6,5          | 4,4 – 8,6    | g/dl       | 65           | 44 – 86        | g/L     |
| Element DC | ALB       | 3,3          | 2,4 – 4,2    | g/dl       | 33           | 24 – 42        | g/L     |
| Element DC | AST       | 162          | 90 – 234     | U/L        | 162          | 90 – 234       | U/L     |
| Element DC | ALP       | 256          | 160 – 352    | U/L        | 256          | 160 – 352      | U/L     |
| Element DC | GGT       | 180          | 126 – 234    | U/L        | 180          | 126 – 234      | U/L     |
| Element DC | TBIL      | 6,50         | 3,56 – 9,44  | mg/dl      | 111,17       | 60,89 – 161,46 | μmol/L  |
| Element DC | CK        | 760          | 418 – 1102   | U/L        | 760          | 418 – 1102     | U/L     |
| Element DC | Na        | 174          | 147 – 201    | mmol/L     | 174          | 147 – 201      | mmol/L  |
| Element DC | K         | 7,7          | 6,2 – 9,2    | mmol/L     | 7,7          | 6,2 – 9,2      | mmol/L  |
| Element DC | Cl        | 146          | 125 – 167    | mmol/L     | 146          | 125 – 167      | mmol/L  |
| Element DC | PHOS      | 7,8          | 5,4 – 10,2   | mg/dl      | 2,5          | 1,7 – 3,3      | mmol/L  |
| Element DC | Ca        | 14,5         | 10,0 – 19,0  | mg/dl      | 3,6          | 2,5 – 4,7      | mmol/L  |
| Element DC | ALT       | 241          | 133 – 349    | U/L        | 241          | 133 – 349      | U/L     |
| Element DC | CHOL      | 325          | 226 – 424    | mg/dl      | 8,4          | 5,8 – 11,0     | mmol/L  |
| Element DC | TRIG      | 268          | 166 – 370    | mg/dl      | 3,0          | 1,9 – 4,2      | mmol/L  |
| Element DC | AMY       | 350          | 218 – 482    | U/L        | 350          | 218 – 482      | U/L     |
| Element DC | LIPA      | 148          | 91 – 205     | U/L        | 148          | 91 – 205       | U/L     |
| Element DC | Mg        | 5,2          | 3,7 – 6,7    | mg/dl      | 2,1          | 1,5 – 2,8      | mmol/L  |
